The Sonoma County Genealogical Society Presents:
“The Family History Guide Website”

The Family History Guide is a free website that represents a best-in-class learning environment for family history. Its scope is broad, but its focus is narrow enough to help you achieve your goals, step by step. Whether you're brand new to family history or a seasoned researcher—or somewhere in between—The Family History Guide can be your difference maker.

Presented by Bob Taylor

Bob Taylor has been actively doing family history for over 25 years. He has combined his passion for genealogy with his background in instructional design to produce an industry-leading learning resource for family history—The Family History Guide website at: <https://www.thefhguide.com/index.html>

Bob has been a featured presenter five times at the RootsTech Conference in Salt Lake City, as well as the WikiTree International Symposium for 2022. Bob has presented at the Family History Library in Salt Lake City, Riverton FamilySearch Library, and the BYU Family History Conference. He has also presented to genealogical societies in fifteen U.S. states and in Canada.

The meeting begins at 12:30 p.m. via Zoom and the Presentation begins at 1:00 p.m.
